We are a manufacturer and exporter of **single use surgical instruments & medical devices** that spell quality, safety and affordability. All our products are **CE Marked**, manufactured in an **ISO 13485 Certified** production facility.
About Us

We are a manufacturer, exporter and supplier of premium quality single use surgical instruments & medical devices that stand for quality, safety and affordability. With a focus on catering to the global health concerns, we offer safe & cost-effective disposable surgical instruments & medical devices made from biocompatible healthcare grade plastic.

Established in 2003, we initiated with manufacturing of medical devices in the field of Ophthalmology and General Surgery. Our diversification in manufacturing sterile, disposable surgical instruments & medical devices is a result of our learnings, gained from constant customer interaction and scientific market research.
